

**TRAPEZIO**  
PREMIUM PRIVATE OFFICE FURNITURE

Minimalism, strict forms and ideal proportions are combined with an original design solution, which is based on the trapezoid shape. The edges of the desktops and supports, processed at an angle, give the furniture extraordinary dynamics. The style of the collection is emphasized by the special shape of the glossy black drawer fronts.

TRAPEZIO private office collection offers natural Canaletto or Wenge walnut veneer finishes that carry natural warmth of solid wood. The structure of the wood is highlighted by the deep black glossy parts, the patterned black glass and the mirror finish on the bases and separators.

TRAPEZIO collection consists of a private desk, various storage systems, and a meeting table. Mirror finish of the base is repeated in separators that divide storage units, chests of drawers and meeting table tops. Mirror base and separators create effect of suspended furniture.

Every element of the collection, every detail is thought out and worked out with special care and attention to the future owner of the TRAPEZIO furniture. Maximum comfort for effective work.

## Veneer

Canaletto  
walnut

Wenge

## Glass

Patterned  
glass

## Glossy finish

Glossy black

### High-gloss elements:

The high-gloss elements are made from 0.8" (20 mm) thick MDF panels faced with acrylic SenoSan coat. The edges are covered with 0.06" (1.5 mm) thick PMMA edgeband.

### Matt elements:

All matt elements are made from 0.7" (18 mm) thick melamine faced chipboard. The edges are covered with 0.02" (0.5 mm) thick edgeband.

### Veneered elements:

Veneered elements are made of 1.18", 1.97" (30, 50 mm) thick MDF, 0.39", 0.71" (10, 18 mm) thick chipboard faced with natural veneer. The elements are lacquered with minimum volatile compounds in semi-open pore.

### Glass elements:

All glass elements are screen printed and lacquered black of thickness 0.16", 0.31" (4 or 8 mm).

### Drawers:

All drawers are fitted with BL M full extraction blumotion guides. The drawer structure is made of 0.47" (12 mm) plywood in beech finishing.
